

FIRE EXTINGUISHER CABINET - CHIEF

Cato's affordable fire extinguisher series, manufactured in the U.S, provides a dent and rust proof alternative to metal. Cato's Chief series fire extinguisher cabinets feature a security hexagonal lock and key to open and remove the trim and acrylic panel, which features scored lines to easily break when struck with tool in case of fire.

SPECIFICATIONS:

- Tub and Trim Material:** Injection molded high impact polystyrene in .110 thickness with ultra-violet inhibitors for UV resistance
- Tub and Trim Colors:** Available in red or white
- Cover Material:** .080 Acrylic front panel, grid scored for improved emergency access with break tool
- Acrylic Colors:** Available in clear or red (for best outdoor UV resistance)
- Break Tool:** Polypropylene injection molded aluminum tipped hammer with ribbed grip handle and a clear nylon coated stainless steel cable that matches trim color
- Break Tool Option:** Stainless steel break bar
- Decals:** UV resistant "FIRE" and "Break Panel" decals included
- Hardware:** ABS hexagonal lock and keys (2) installed
- Sizes:** Refer to table, listing model sizes with their compatible extinguishers from 2.5 - 20 lbs
- Additional Options:** Fire extinguisher rust prevention tray
